

**Mecklenburg County Fire Prevention Van - 1970**

01/08/15 62 W, 1 I - + 10 - 1

From *Hose & Nozzle* magazine, September-October 1970, here's the picture and story of a "shiny red step van" donated to Mecklenburg County by the Independent Insurance Agents Association of Charlotte. The unit would be used to "store and transport equipment [that] firemen use in giving fire prevention programs." Click to enlarge:

**Insurance Association Donates Van**

A shiny red step-van has been donated to Mecklenburg County to boost Fire Prevention Education.

Daniel R. (Doc.) Martin, president of the Independent Insurance Agents Association Charlotte — Mecklenburg, presented the keys to the van to County Commission Chairman Charles M. Lowe.

Also on hand were Michael G.

Allen, vice president of the Independent Agents, Mecklenburg Fire Administrator Daniel J. Carpenter, Jr., and members of his staff.

The new van will be used to store and transport equipment firemen use in giving fire prevention programs to schools, businesses and civic organizations in the county.
