

## Wake County EMS Adds District 7

01/16/15 245 W, 2 I - + 8 - 5

District Chief 7 was placed in service today at the Garner East EMS station, e.g Garner Fire Station 4 on Spaceway Drive. The Wake County EMS paramedic unit is a full-fledged response unit. The District Chiefs also function in a supervisor capacity, and have a variety of additional administrative responsibilities. Chief Kev today is driving a Suburban, which is a temporary truck until the new Expedition is ready. Here's a [Facebook posting](#) from WCEMS with more information a couple more photos.

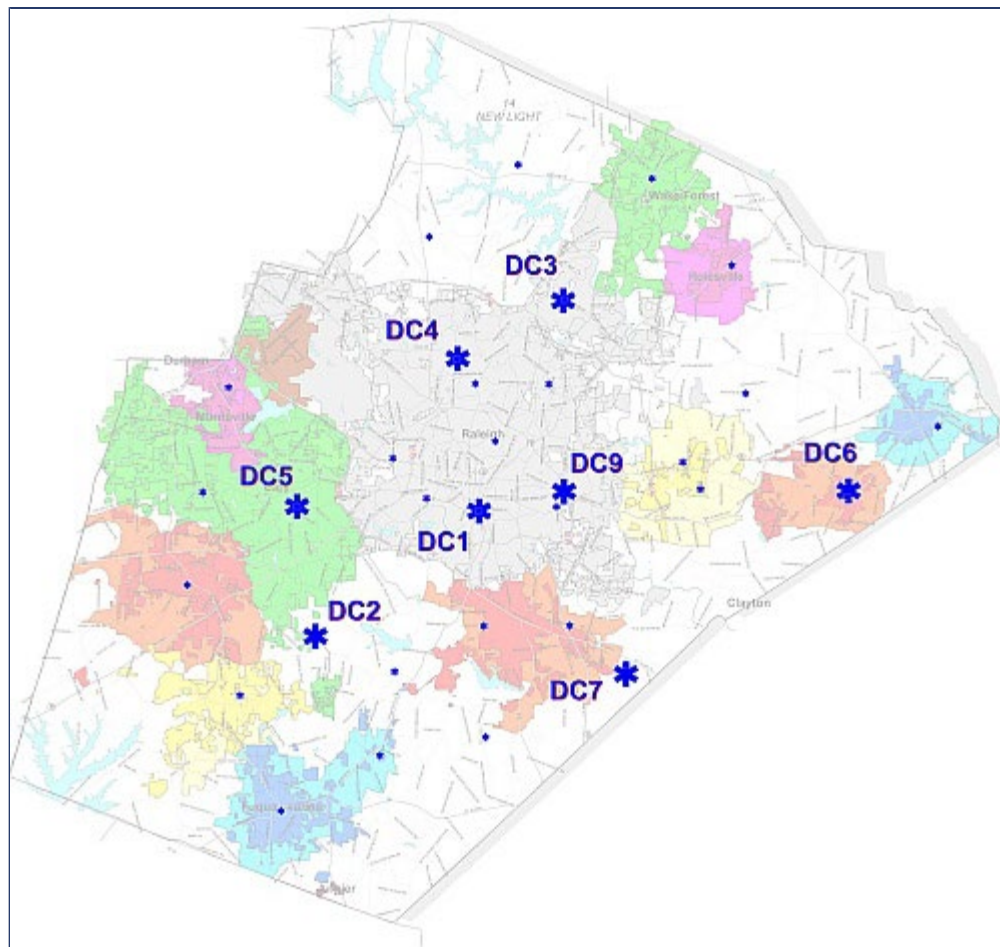

Where are the other District Chiefs located? Here's the list, though they don't have designate response areas. These are their "base stations" and they respond as closest unit via automatic unit location via GPS.
