

Historical Perspective of Norfolk Fire Stations in 1975

03/28/15 108 W, 1 I - + 11 - 5

How about a sampling of past 'n' present firehouses from Norfolk, VA? These pictures scanned and compiled from *History of the Norfolk Fire Department* published in 1975 by the Norfolk Firemen's Relief Association and Norfolk Firefighters' Association. (Bought a copy on eBay this week.) What are the addresses and service dates for all these? To be determined! Maybe readers can help. A couple of the historic ones are still in service (see list of stations on [their official site](#)), and a couple closed ones are still sanding. [View the graphic in full size](#) (PDF, 11 MB).
