

drainage, also that the street be 16 feet wide so as to come under the Powell Bill Funds.

Resolution Re: Chief Boone

The following was read by the Mayor: September 17, 1962

RESOLUTION

Whereas: J. S. Boone has been a member of the Chapel Hill Fire Department since July 1928, and

Whereas: during most of this period he has been an officer in the department and has served as Chief since 1955, and

Whereas: Chief Boone has requested reassignment to Assistant Chief because he believes that this will be for the best interest of the Department, now therefore:

Be it Resolved: that our appreciation be herewith expressed to Chief Boone for his many years of service to the Town of Chapel Hill and its Fire Department, and;

that the attitude of Chief Boone in putting the interest of the Department ahead of his personal interest is especially commendable, and;

that a copy of this resolution, signed by members of the Chapel Hill Board of Aldermen be sent to Chief Boone as evidence of our appreciation.

This the 25 day of September, 1962.

/s/ Roland McClamroch, Jr. Mayor

Roland Giduz

Joe Page

Hubert Robinson

Adelaide Walters

Paul Wager

Gene Strowd

Alderman Walters moved that the resolution be adopted, seconded by Alderman Wager, and unanimously carried.

Proposed Map Policy

Town Manager recommended that the Board adopt the following map policy recommended by the Planning Board to the University of North Carolina and the Town of Chapel Hill:

1. Background - During the past three years both the University of North Carolina and the Town of Chapel Hill have been engaged in the development of a series of topographic maps providing up to date coverage of significant parts of the Chapel Hill Planning Area. At the request of the University of North Carolina, over-all photographic negatives were prepared by the North Carolina State Highway Commission as the basis for subsequent topographic mapping. The University had the land areas it controlled mapped. The Town of Chapel Hill expanded the initial coverage provided by the University and will continue as funds permit to add to the areas already mapped until the adequate maps are available for the Planning Area.
2. Relationship Between the University of North Carolina and the Town of Chapel Hill - The existing facilities of the University will be utilized as the repository for the mylar-film originals of the topographic sheets already purchased and for the proposed additions to the map collection.
