

EEI

FIRE TRUCK MANUFACTURERS

**Building On
Excellence.**

When it's time to light fires, you get more to worry about than the mechanical parts of the truck. You get to worry about the fire. And the fire is always there. Which is why Atlas designed the Diamond Series fire trucks designed to perform. **FROM JULY.** ONLY THE BEST. That means using only the very best components, from the bumper down to the rear axle. Like hose pumps, on every truck we manufacture. And the strongest doors in the industry. Standard. Of course Atlas understands that every fire department has its own needs. That's why we're so flexible. Our Diamond pumps come equipped with 1.5hp, 2hp, 3hp, 4hp, 5hp, 6hp, 7hp, 8hp, 9hp, 10hp, 12hp, 15hp, 18hp, 20hp, 22hp, 24hp, 26hp, 28hp, 30hp, 32hp, 34hp, 36hp, 38hp, 40hp, 42hp, 44hp, 46hp, 48hp, 50hp, 52hp, 54hp, 56hp, 58hp, 60hp, 62hp, 64hp, 66hp, 68hp, 70hp, 72hp, 74hp, 76hp, 78hp, 80hp, 82hp, 84hp, 86hp, 88hp, 90hp, 92hp, 94hp, 96hp, 98hp, 100hp. **QUALITY PLUS. PRICED VALUE.** Which brings us to the real reason Atlas builds the best fire truck in the business. Value. High quality equipment at unbeatable prices. Something you won't find in any other fire truck. Because to have the quality, the price, the value...you have to be Atlas. **Atlas Fire Apparatus, 1815 New Hope Church Road, Raleigh, NC 27617 Phone: 1-800-642-3400. In N.C., 1-800-642-3400.**

TO HAVE THE QUALITY, THE PRICE, THE VALUE...YOU HAVE TO BE ATLAS.
