March 1st through 4th, 1960.

June 9th and 10th, 1960, I attended the Southeastern Fire Chief's Association, held in Jacksonville, Fla. As most of you know, Chief Cosmo L. Cox, of the Durham Fire Department, was President. He did an outstanding job during his term of office.

I would like to express my sincere appreciation to Chief Donald S. Charles, Chairman of the North Carolina State Firemen's Legislative Committee, and, through him, the other members of the Committee and all who have assisted the Committee in our Legislative work.

I would like to recommend that the Legislative Committee take into consideration any necessary Legislation for the interest of the Association, subject to the approval of the Executive Committee.

I recommend that the Executive Board of the North Carolina State Firemen's Association be empowered by this convention to work through and with the Commissioner of Insurance on any program that will further the cause of Firemen's training in the State.

Again, I want to thank the Executive Committee for all the help they have rendered me. It has been a busy year, and only through them and all the firemen of this great State of ours could it have been a successful one.

I wish to thank Chief J. A. Knox, officers and men of the Carolina Beach Fire Department for inviting us to come again. We always enjoy coming here; everyone has a good time, you and your Department have helped to make it so by your untiring efforts.

It is my hope, in my humble way, to continue serving you in some way as long as I live; the Fire Service is my life, has been for forty-two years; and now, I have come to the end of my years as your President. May God bless you and keep you, may His face shine upon you, while we are absent one from another.

CHAS. L. MILLER,  
President

Motion by Chief Horace Elliott that the report be accepted, seconded by Chief Cosmo Cox, carried and so ordered.

#### REPORT OF SECRETARY

Curtis Flanagan

Year Ending June 30, 1960

To the Officers and Members of the North Carolina State Firemen's Association  
Gentlemen:

I herewith transmit to you, as Secretary, annual report for the year ending June 30, 1960, the membership of the Association is composed of the following departments and officers:

Mar.	10	Charles L. Miller, Treasurer, Salary—Quarter Ending 3-31-61	225.00
May	10	John C. Burton, Salisbury F.D., Injured 3-22-61	48.00

the Vocational and Industrial Education Department of the State of North Carolina.

It is my opinion, that after the meeting of this Board in July, the Industrial Education Department on Fire Service Training under the leadership of Mr. Russell Swindell and Mr. Keith Phillips, will be a worthwhile program and they, with the assistance of part-time instructors, will be able to cover a large part of the Fire Service training in North Carolina.

Speaking of training, it has been suggested by many firemen that they would like to see the pump school extended to a five (5) day program, the same as the Fire College and Drill School, because they cannot get in as much time as they would like on pumps in the three (3) days now set up.

It is my recommendation to the incoming Executive Board and Pump School Committee, that they work out a five (5) day Pump School that firemen may obtain more knowledge about fire pumps. As all of you know, by extending the pump school to five (5) days it will cost more money. We spent approximately \$3,500.00 in changing the Fire College and Drill School this year, and we now feel this was money well spent by the remarks made by the firemen about this school. To keep our training program on the highest level of operation, it is necessary to have money for these things, and, I would like to recommend that the Per Capita tax be raised to \$2.50 instead of the \$2.00 per fireman to cover these increased expenses. I think, with careful planning, that this amount will give us the necessary money to make some changes for the betterment in our Fire College and Pump School and other necessary functions of the Association that come up from time to time.

Again, I thank the Executive Committee, each and every fireman, and others who have been such a help to me and this Association during the past year, and, if by chance I have failed to omit any individual for their outstanding work and support, I want to thank you also.

Let me say in closing, that just because I am stepping out of the Association as President that I haven't quit! As long as God gives me the power to go, I will not stop fighting for what I think is right for the Firemen of the State of North Carolina! I hope that I may be able in the time to come to be of some useful service to the Firemen of this Association.

Thank you again from the bottom of my heart for your many blessing to me, and may God bless and keep you always.

JOE T. HAILEY, President

Motion was made that the President's report be accepted, duly seconded and carried.

### SECRETARY'S REPORT

Curtis H. Flanagan

Year Ending June 30, 1962

To the Officers and Members of the North Carolina State Firemen's Association  
Gentlemen:

I herewith transmit to you, as Secretary, annual report for the year ending June 30, 1962, the membership of the Association is composed of the following departments and officers:

## COLLECTION

State Association—General Fund

Per Capita—July 1, 1961 to June 30, 1962

Total Collection (Per-Capita &amp; Emblems) -----\$24,383.79

Remitted to C. L. Miller, Treasurer

(For details see Treasurer's Report)

## FIREMEN'S FRATERNAL INSURANCE FUND

Mortuary Fund -----\$49,012.68

General Fund ----- 4,901.27

Total -----\$53,913.95

Respectfully submitted,

CURTIS H. FLANAGAN, Secretary

Motion by Chief C. W. Wyrick that the secretary's report be accepted, seconded by Chief Donald Charles, and carried.

## TREASURER'S REPORT

Charles L. Miller

To The Officers and Members of The North

Carolina State Firemen's Association

Gentlemen:

I submit to you as Treasurer the Annual Report for the year

men, I say thanks.

To Captain Gibson, our Public Relations Officer, I would like to commend him for the fine job he has done and is still doing for the benefit of the firemen of this state.

I have attended 32 meetings during my term of office and at these various meetings I was very much impressed by the business-like way in which these meetings were conducted.

In my opinion training is the No. 1 item in this state and I would recommend that we strive to improve this situation in our state by working with and through any agencies that are available to us.

I will recommend that every effort be put forth to organize the Ladies Auxiliaries of our great state on a state-wide basis, as they are a great help to any organization.

I would recommend that some effort be made in receiving new members for this organization. We have some 26,000 firemen in our state but we have only some 12,000 members.

In May, 1962, the Executive Committee, realizing that it is easier to kill legislation than it is to pass positive legislation, especially when it involves an appropriation and the imposition of a tax, authorized a Public Relations Office for the association, the primary and basic function of which was to establish and maintain a close contact with the General Assembly to safeguard the Pension Act.

Captain Berry Gibson, who did such an outstanding job in the Legislature on the Pension Act and a member of the Board of Trustees, was appointed to this office. As always, he did an excellent job in representing the association at the recent General Assembly in all phases of our legislative activity, particularly in maintaining the Status Quo of the Pension Act.

While this is true, the fact remains that further court action is quite possible and that the appropriation will have to be increased in future years if the amount appropriated for the biennium is not actually sufficient.

The importance of this hard-won benefit, amounting as it does, potentially, to millions of dollars for the firemen of North Carolina, cannot be over-emphasized. Neither can we over-emphasize the need of continuing and maintaining a close interim contact with the members of the Legislature in general and the Appropriations Committee in particular, the legal representatives, and a grass-roots relationship with our members through the various departments and associations.

Such vigilance and activity are essential, and it is felt the association will heartily agree should the Executive Committee see fit to augment the staff of the Public Relations Office.

In closing, I again would like to say to the Executive Board, and to each and every person whose help I have needed, and so graci-

ously received during my term of office, thanks for your unselfish help.

In stepping aside as your President, I have no intentions of retiring. If at any time I can, in my humble way, render any service to any fireman, just remember I am as near to you as your telephone.

Fellows, one thought I would like to leave with you:

What you do for yourself dies with you. What you do for others lives forever.

Again I say thanks for the privilege of having served you.

Respectfully yours,  
H. B. SELF, President

VICE PRESIDENT BARTLETTE:

You heard the report of the President. We all know he's done a good job and I think he's lived up to everything that he promised. Do I hear a motion that we accept his report?

Motion to accept President's report made by I. Miller Warren. Seconded by Chief Linkous. Motion carried and so ordered.

PRESIDENT SELF:

At this time we'll have the report from our secretary, Curtis Flanagan.

#### SECRETARY'S REPORT

Curtis H. Flanagan  
Year Ending June 30, 1963

To the officers and members of the North Carolina State Firemen's Association:

Gentlemen:

I herewith transmit to you, as Secretary, annual report for the year ending June 30, 1963, the membership of the Association is composed of the following departments and officers:

We held several meetings during the year, and the first big discussion was concerning the General Statutes that affect the fire service in the state. This was studied by our Legislative Committee and our lawyers and with the help of Chief Youngblood of Hendersonville, we had a meeting in Raleigh with Mr. Lanier to discuss the possibility of the Insurance Department helping us with this big problem, since it all comes through his office.

Mr. Lanier went to work on this and found that he would have to wait until the new year began before he would have the money to go into this. In July I met with him and he will report to us here at the Conference what he has found out. This is one thing that is a must for our Association, since some of the laws are as old as the Horse and Buggy Days.

Our Legislative Committee and lawyers have been doing a great deal of work on our By Laws also. This report you have already heard, and I wish to thank them for all of the time that they have put in this also.

On April 29, 1964, your Executive Committee, along with Mr. Malcolm Clindenon of the Mecklenburg Firemen's Association, met with Governor Sanford who set up May 10-16 to be observed as Firemen's Week. This Proclamation was signed by Governor Sanford and mailed out to all Fire Departments.

May 25-29, 1964, when it was again my pleasure to open the first session, we began our Fire College. This was held in Charlotte, North Carolina. This was the best Fire School that I have ever attended, and I did attend classes every day. Our conductors and instructors deserve a lot of credit for such a successful school.

During the past year it has been my pleasure to attend all of the Association meetings held in North Carolina, except one, and I got within fifty miles of it before I was grounded because of bad weather. Here I must say that I have never met a finer group of men in my life. I have traveled over ten thousand miles throughout this great state of ours and I have enjoyed every mile of it.

I will recommend that every effort be put forth to get the General Statutes changed at the next session of our legislature, and that the Legislative Committee not stop until this is done.

Because of related interest, I would like to recommend to this Conference that the President or the Secretary of The North Carolina State Fire Chiefs' Association be invited and properly notified to attend all meetings of the North Carolina State Firemen's Association.

In closing again, let me thank the Executive Committee and every fireman in this state for the opportunity I have had to serve the greatest group of men that I have ever met. If I have failed to mention any individual for their outstanding work or support, I would like to take the time to do now.

If at any time I can be of any service to you or the North Carolina Firemen's Association, please let me know, for I am at your service any time in the future as I have tried to be in the past.

VICE PRESIDENT SUMMERLIN:

Gentlemen, you have heard the report of our President. Do I hear a motion that we accept his report?

Motion to accept President's report made by Chief L. C. Williams, seconded by Chief I. Miller Warren. Motion carried and so ordered.

PRESIDENT BARTLETT:

At this time we will have the Secretary's report. Mr. Curtis Flanagan.

SECRETARY FLANAGAN:

Mr. President, gentlemen, there are a few words I would like to say before I present this report. I had the misfortune to have to go to the hospital back in June and July for an operation. I wish to express my appreciation to the men in the Fire Service for your concern, visits from those who came to see me, telephone calls, flowers, etc., and fellows, without any attempt to being funny I want to assure you that I am going to take every precaution, be just as reasonable and careful as I know how with my wife's husband from now on.

#### SECRETARY'S REPORT

Curtis H. Flanagan

Year Ending June 30, 1964

To the officers and members of the North Carolina State Firemen's Association.

Gentlemen:

I herewith transmit to you, as Secretary, annual report for the year ending June 30, 1964, the membership of the Association is composed of the following departments and officers:

Gentlemen, it has been a pleasure and an honor for me to serve you. I am sure I have made many mistakes, but I assure you they were by the head and not the heart. For these mistakes I ask your forgiveness.

In closing, I say thanks to your most efficient Secretary, Curtis Flanagan, and Mrs. Gail Joyner, who do such a magnificent job. To the members of the Executive Board who give their time and knowledge and to everyone who has served with me this year—  
**THANK YOU!**

**C. H. LAWSON**  
President

**CHIEF WYRICK MOVES THE ADOPTION** of the President's report; Seconded by Chief Jack Keeter.

Is there any discussion? (No discussion).

All in favor of such motion please say "Aye"; all opposed say "Aye". The motion was carried.

We will now have the Secretary's report. Curtis Flanagan.

**SECRETARY'S REPORT**  
Curtis Flanagan

**Year Ending June 30, 1966**

To the Officers and Members of the

separate and apart from the North Carolina Department of Insurance, for the purpose of upgrading the Fire Prevention Laws in North Carolina, and strengthen the enforcement of the fire service authority. The Fire Inspector's authority seems to be weakening with the revised State Building Codes, which has strengthened the Building Inspector's authority.

After extensive study incorporate under the State Fire Marshal's office other duties and departments that this committee deems as necessary.

I will furnish the Executive Board with a copy of the legislative bill that was enacted in the State of Maryland to create their Fire Marshal's office. This I obtained when I was at the Governor's State-wide Conference on Fire Prevention last year.

II—That the incoming Executive Board make an extensive study as to the feasibility of moving the office of the Secretary of the North Carolina State Firemen's Association to Raleigh, North Carolina. I realize the possible additional cost to operate the office; I still believe that this can be justified.

Being in the Capital City, more firemen can visit the office.

Being in the same city with the Offices of the Insurance Department, the Pension Fund Office, the Attorney General's office, North Carolina Fire Insurance Rating Bureau, the Southeastern Board of Underwriters, the Office of the North Carolina League of Municipalities.

When we of the fire service are seeking help of information, it can all be obtained in Raleigh.

CHIEF AUTEN: Our next report, from our Secretary, Curtis Flanagan.

#### SECRETARY'S REPORT

Curtis H. Flanagan

Year Ending June 30, 1967

Gentlemen:

I herewith transmit to you, as Secretary, annual report for the year ending June 30, 1967, the membership of the Association is composed of the following departments and officers:

Per Capita Tax — July 1, 1966 to June 30, 1967	
Total Collections (Per Capita Tax & Emblems)	\$33,064.51
Remitted to C. L. Miller, Treasurer	
(For details see Treasurer's Report)	
FIREMEN'S FRATERNAL INSURANCE FUND	
Mortuary Fund	\$73,490.20
General Fund	7,349.00
Total	\$80,839.20

afternoon, at the Drill Tower on 401, south, there will be a demonstration of how small municipalities might utilize irrigation equipment, to take place with deluge guns.

(Chief Burwell introduces members of the Fire Department of Warrenton celebrating 100 years. Film is shown.)

PRESIDENT AUTEN: Thank you, Chief. We appreciate that very much.

At this time I would like to recognize Chief Horace Moore, our Second Vice President, for the reports.

CHIEF HORACE MOORE: Thank you, President Auten.

Being low man on the totem pole, I don't have a report to make.

This past year we have had a most productive year in the Executive Board, and our compensation is your approval of the actions taken by the Executive Board.

I wish all of you would pay special attention to these reports. If there's anything you don't approve of, we would certainly appreciate any constructive criticism—or any suggestions you might have that we might be a better Executive Board for this coming year.

At this time I'm going to call on the President, John Auten, for his yearly report. John.

PRESIDENT AUTEN, Thank you, Horace.

Officers and fellow firemen, this has been a year I shall always remember.

I think perhaps that I have derived far more from being your president than I have been able to give in return. I will not attempt to outline to you the meetings that your executive board held during the year, but in attending these meetings and various others, I managed to travel some 8,000 miles in pursuit of the business of your association. May I take this opportunity to apologize to the various area associations for not being able to be in attendance at all of your meetings. It was just not possible to get to all of them. I would like to express my deep appreciation to all the members of the executive board for their loyal support and wonderful spirit of cooperation during the year. To Secretary Curtis Flanagan and Mrs. Gail Joyner, Mr. Flanagan's very able secretary, a very sincere thanks for their dedicated service. To Chief Fred Shipton, President, and the N. C. Fire Chiefs Association many thanks for their wonderful spirit of cooperation. The relationship and cooperation between these two groups have been of the very best this year.

Of course, I could not make this report without giving our heartfelt thanks to Mr. Elwood Inscoe and the Department of Insurance, and Mr. Keith Phillippe and the Department of Community Colleges for their untiring efforts and dedication on behalf of the N. C. Fire College and Pump School.

This year we appointed three new men to direct the Fire College and Pump School: Chief R. L. Powell, Director (Greensboro); Chief Joe Letzing, Assistant Director (Durham); and Chief James Parham,

Assistant Director (Winston-Salem). Never have I seen three men so dedicated and work so closely together as these three did. To them I would like to express my deepest appreciation, and through these men, I think, we can expect, for many years, to come, topnotch leadership and quite a few innovations in our Fire College. For their part in setting up and directing our Staff and Command School, I would say thank you very, very much to Mr. Sherman Pickard and his fine organization, the N. C. League of Municipalities and also Mr. Maynard Shields and N. C. State University. In closing I would like to thank each member of the N. C. State Firemen's Association for their wonderful support and again say to you, many, many thanks for the opportunity I have had in serving you. It has been a very short year and there are a lot of things left undone but with the leadership we have, the future of our association is nothing short of the very best.

Respectfully submitted,

John A. Auten

(Motion is seconded and carried that the report be accepted; motion is made by President Auten.)

CHIEF MOORE: At this time we are going to deviate from the program a little and ask Eddie Summerlin if he will come up and give his report on the North Carolina Firemen's Pension Fund, as he has a meeting at his office in a few minutes.

MR. SUMMERLIN: (Reads his report.)

I would like to present the latest audit, which has facts and figures, and the latest information that you would probably like to study, but not listen to at this time.

As you know the Pension Fund is not able to advertise through TV and the newspaper. But I would like you to advertise this Pension Fund, and see if we can't get some new members.

Thank you very much.

CHIEF MOORE: The next report is from our Secretary, Curtis Flanagan.

#### SECRETARY'S REPORT Year Ending June 30, 1968

Gentlemen:

I herewith transmit to you, as Secretary, annual report for the year ending June 30, 1968, the membership of the Association is composed of the following departments and officers:
