SECRETARY'S REPORT  
YEAR ENDING, JUNE 30, 1980

To the Officers and Members of the N.C. State Firemen's Association:  
Gentlemen:

As Executive Secretary, I herewith submit the Annual report to you for the year ending June 30, 1980.

For the past fourteen years, I have served on the Executive Board of our Association. Two years as Vice-President, one year as President, one year as an advisor and for the past ten years, as Treasurer and Investment Officer. For the past ten years I have served as Chairman of your Legislative Committee, chairman of the Burn Center Committee, Educational Awards Committee and in other areas, as I have been directed.

It is because of the experience that I have acquired by serving you and the Association, in these many areas, that the Executive Board appointed me to fill the Office of Executive secretary, when Curtis Flanagan submitted his resignation last October, effective March 31, 1980. I began work on January 1, 1980, working with Mr. Flanagan and Mrs. Joyner, in order for there to be a smooth transition of responsibility of the Office. I would like to thank Mr. Flanagan, for his advice and council in making this possible and to also express my personal appreciation to him for his contribution to our Association during the past twenty five years.

Since assuming the responsibility of the Office we have moved to more suitable quarters, on North Contentnea Street, in Farmville, N.C. Our mailing address remains the same. We have installed new furniture and equipment and we are now in the process of up-dating our forms and operating systems within the Office. Our By-laws have been up-dated and will be sent to member departments as soon as they are printed. As investment officer, I am working closely with your treasurer to keep our finds invested and obtain the maximum return. We are now sending a quarterly news letter to each member Department, to keep you informed. Hopefully we will have the ability to send one to each member by the first of the year. We have sent letters of invitation to every department that is not a member of our Association and since March of this year we have had 33 new departments to join us, bringing our total membership of 682 Departments and 25,715 members. This is an increase of 2548 members since last year.

In closing I would like to express my appreciation to Mrs. Gail Joyner, who has worked so patiently with me, to Our President, Chief Parsons and to the Executive Board for giving me their full support and cooperation.

Respectfully submitted,

Horace Moore, Exec. Secy.  
N.C. State Firemen's Assoc.

SECRETARY'S REPORT  
YEAR ENDING, JUNE 30, 1980

Gentlemen:

I herewith transmit to you, as Executive Secretary, Annual Report for the year ending June 30, 1980. The membership of the State Association is composed of the following departments and officers:

PRESIDENT PARSONS: Do we have a motion to accept the report?  
(The motion was made by Ed Killian; seconded by Jack DeBorde. The vote was called; the motion was carried.)

PRESIDENT PARSONS: Our next report will be from our Treasurer Bobb Joyner.

TREASURER JOYNER: Thank you, Mr. President. At this time I would like to make the Treasurer's report.

(Thereupon Treasurer Joyner reads the Treasurer's report.)

The fund balance of the General Fund increased by 12.96% or \$45,377.00 during the fiscal year ended June 30, 1980. Investments earned approximately 9.2% during the year.

The fund balance of the Relief Fund increased by 17.57% or \$124,320.00 during the fiscal year ended June 30, 1980. Investments earned approximately 11.5% during the year.

The fund balance of The Firemen's Fraternal Insurance Fund decreased by 1.14% or \$2,175.00 during the fiscal year ended June 30, 1980. Investment earned approximately 9.4% during the year.

The fund balance of the Burn Center Fund is \$8,769.00 at June 30, 1980.

North Carolina State Firemen's Association  
(Incorporated March 11, 1889, under the laws of the State of North Carolina)

SECRETARY'S REPORT  
YEAR ENDING - JUNE 30, 1982

TO THE OFFICERS AND MEMBERS OF THE N.C. STATE FIREMEN'S ASSOCIATION

It has been my pleasure to serve as Executive Secretary of this great organization for the past year. This has been the most outstanding year in the ninety-five year history of our Association. We are continuing to expand the benefits and services to you and your dependents. With the professional people we have working with us and under the direction of the Officers that you elect to make up the Executive Board, we expect your Association to continue to grow and give greater service with each passing year. Our membership now exceeds 28,000, representing 846 Fire Departments across the State. This is an increase in membership over last year of 1010 and a departmental increase of 59. We are still short of total membership, but we are rapidly closing in. I have visited with all of our regional Associations at least once during the past year and with six county associations, as well as several individual departments. It is with these personal contacts that we are able to bring in new memberships.

In closing, I would like to express my appreciation to Mrs. Gail Joyner, my able assistant, to Dr. Tom Griggs, Jack Lewis and all of the committee members who have worked with us this year and to our Executive Board members, who have given you the best year in our history.

Respectfully submitted,  
Horace Moore, Executive Secretary  
N.C. State Firemen's Association

In the coming year we will hope to make progress with firemen who are not members. We are almost 1,000 members ahead of last year at this time — 31,000. Our office has received all the funds of the Association and turned them over to the Treasurer to invest for a maximum return.

Our current President, Chief Herring, has given our office all his support, and to all — Gail Joyner, and to all of you, who have responded when called on for assistance.

Mr. President, this is my report, and I thank you very much.

MEMBER DEPARTMENTS FOR YEAR ENDING, OCTOBER 31, 1985

FIRE DEPARTMENT	COUNTY	CHIEF
• 54 EAST	ALAMANCE	Darrell Newton
• 87 SOUTH	ALAMANCE	Thomas Ray

YEAR ENDING, OCTOBER 31st, 1989

We have not been able to obtain the ability for the fully paid firemen to be able to receive pension fund payments at the age of 55 and continue to be paid; nor have we been able to get the ear of anyone for the equalization of benefits in the matter of professional firemen in relationship to the law enforcement officers retirement.

We have had the ability to appear before a Legislative Study Commission within the next 18 months and present our views to a group of legislators who will listen and then make full recommendation to the full body.

Chief Hawkins and I, we worked on this for the past few years. We lost our good friend, the Lieutenant Governor, when he was voted out.

Harold is not here, and we are going to have to do the best we can without him.

As a matter of fact, the firemen of our state do fairly well compared with the other firemen in other states. We have the ability to educate our children, we have death benefits of at least \$25,000, and more in some cases, with no appreciable cost to any of us.

Most of our paid departments have relief funds and disability fund benefits, and the relief funds relate as well to the volunteer firemen. As your Legislative Chairman, I have worked with the State Fire Commission to create technical programs for the growing Fire Service. Our Legislative efforts many years helped to create the Community College Service Training Program, and also a seat on the Building Code Council, and we continually resist programs that would require over-regulation of both paid and volunteer firemen.

Our organization has worked, and will continue to work for the Association of the Firemen and the County Fire Marshals' Association for the fire problems that arise as well as any other groups in the State.

We now have 137,000 members, and with the addition of Jerry Grimes as Assistant Secretary, we will eventually have, hopefully, all firemen in our state qualified.

We make no unreasonable demands. We are unable to hear the masses complaining or demanding radical changes, and I for one will not change any effort to improve the lot of the Fire Service in our state, nor will I advise our Executive Board to make radical changes.

We have a good organization, it works, and it doesn't need fixing.

I wish to thank all of those who helped us through the years — this includes the members of the Legislature, Mr. Renfro, the State Auditor, and especially Mrs. Murphrey, the officers and members of the County Fire Marshals Association, Ken Farmer and his entire group, and Phil Riley and the Department of Insurance.

You have a good Executive Board; it's been my pleasure to work with them, and I appreciate their support.

I worked very closely with our Treasurer and Auditor, Ossie Shackelford, to keep him informed of the financial and tax concerns of our Association, and with our Attorney, Mr. Robert Rouse, who has helped to keep us out of legal problems, and give us his advice.

And last but not least, I wish to express my appreciation for my secretary, Mrs. Gail Joyner in her effort to supply you with all you are entitled to.

I thank you for your support in all the years we have worked together.

If you have problems, or constructive criticism, please give us a call.

Please get your reports in on time and let us continue to use what we have.

Thank you very much.
