August 3, 1990 - 9:30 a.m.

**PRESIDENT BROOKS:** We will ask the Sergeant at Arms to ask the delegates to come back in, please, and we will call our second business session to order.

The first item of business this morning is the report from the various officers, and the first report will be from myself as President.

Serving you, the fire fighters of North Carolina State Firemen's Association, as your President this past year, has been a very rewarding experience for me. It has afforded me the opportunity to meet and serve with truly dedicated people who not only have a genuine concern for the well-being and safety of the fire fighter but for all the people of our great State of North Carolina.

As your President, I have chaired and attended the following meetings and functions this past year: In the month of August I chaired an Executive Board meeting in Fayetteville, North Carolina; in the month of September I met with the Presidents of the other State Fire Service organizations and met with the Senior Deputy Commissioner of Insurance, Mr. Dascheil Propes; in the month of October, I chaired an Executive Board meeting in Hendersonville, North Carolina and attended a meeting of the Western Firemen's Association. I attended a meeting of the North Carolina Fire and Rescue Commission, I attended a meeting of the Fire Marshals in Asheville, North Carolina, and I met with Mr. William Simpson, Chairman of the Board of Directors of the Community College System. In the month of November, I met with the North Carolina Society of Fire Service Instructors in Greensboro, North Carolina, and I met with the Executive Secretary of our Association at our office in Farmville, North Carolina. In the month of December, I met with the Presidents of the other state Fire Service organizations, and was appointed to a seat on the Study Commission for Fire Fighter Benefits pro tem of the North Carolina Association. In the month of January, I attended a retirement reception for Mr. William Stephenson, Chairman of the Industrial Safety Commission. I met with the City and County Fire Marshals in Asheville, North Carolina and met with the full Board of Directors of the Community College System in Raleigh, North Carolina. In the month of February, I chaired an Executive Board meeting at Atlantic Beach, North Carolina and attended the North Carolina Association of Fire Chiefs mid winter Conference at Atlantic Beach. In the month of March I attended the first meeting of the Fire Fighter Benefits Commission in Raleigh, North Carolina, and met with Tim Bradley, T. O. Wright and Horace Moore in regard to the State Haz-Mat Advisory Committee. In the month of April I attended the 2nd annual meeting of Fire Service organizations in Washington, D.C. and met with several members of Congress from North Carolina, accompanying me were Tim Bradley, Chief Richard Trexler, Chief Enos Smith, and Chief Donald Whitaker. I met with the Executive Secretary, and the First Vice-President in Farmville, North Carolina. I attended the meeting of the Fire Fighter Benefits Commission in Raleigh, North Carolina. In the month of May I chaired two meetings of the Executive Committee of the State Association, one in Greenville, North Carolina and one in Farmville, North Carolina. I met with Mr. Douglas Carter in regard to the Fire Fighter Benefits Commission in Raleigh, North Carolina. In the month of June, I attended the Piedmont Firemen's Association meeting in Troy, North Carolina. I attended two meetings of the State Senate Finance Committee in Raleigh, North Carolina. I chaired a meeting of the Executive Board and the officers of the North Carolina Association of Fire Chiefs, and opened

the annual Fire College in Wilson, North Carolina. In the month of July I attended the meeting of the North Carolina Fire and Rescue Commission. I chaired an Executive Board meeting in Farmville, North Carolina, and assisted in conducting the job interviews for Assistant Secretary of the North Carolina State Firemen's Association.

In closing, I would like to express my sincere thanks to all the officers and advisors of the Executive Board, our office staff at Farmville, the Fire College Director and Assistant Directors, the Wilson Fire Department for the hosting of the 1990 Fire College, and last but by all means not least, you, the fire fighters of North Carolina for giving me the opportunity to serve you.

I respectfully submit this report to you, the 103rd Annual Conference of the North Carolina State Firemen's Association.

### N.C. State Firemen's Association

Another benefit obtained by the Association this last year is the ability to each individual department to purchase goods directly from the Division of Purchase and Contract. We hope that opening the door for purchasing under state contract will be a great help to all of the departments. It will make purchases more convenient, and you will have a broad array of items from office furniture to computers at your disposal.

This past year saw the Association go to court on an issue of importance to all firemen, and we won a great victory. One of our members from western North Carolina was injured in a softball match which was part of the department's physical fitness program. Workers' Compensation denied payment of the claim. Judge Robert Rouse, attorney for the Association, represented our views at the Industrial Commission hearing, and we later learned that we won the case. This is a landmark victory for the Association and our member, because now we have some case law on which we can base future decisions.

There is a sad note I must share with you. We lost Judge Rouse to cancer in June. This was a tremendous blow to each of us, and we will never be able to replace him. He was a great statesman, and he added dignity and honor to our Association. We are currently negotiating with several attorneys, and we should have a replacement in the next few weeks.

As you know, I became Executive Secretary back in January. It has been a great year that I have enjoyed very much. It is an honor and a privilege for me to serve you. I have enjoyed traveling about the state and visiting with you and I appreciate your invitations. Visiting with the fire departments and associations throughout the state is one of my favorite duties. I would like to thank the Board, Horace Moore, Gail Joyner, Ossie Shackelford, State Auditor Ed Renfrow, Clara Murphrey, the Fire Commission, Tim Bradley and his staff, and the many others who have helped me so much this past year. I look forward to working with you in the future.

It is my goal to continue to expand the benefits that this Association offers to its membership. I hope that next year we can have many new programs in place for you, and you can be assured that we will work diligently to make this a reality.

Thank you, Mr. President.

**PRESIDENT CHERRY:** Are there any questions of the Secretary's report? If not, the Chair will entertain the motion it be accepted.

(The motion was made by Ty Bissett of Wilson; seconded by John Horne of Spindale. The vote was called; the motion carried.)

**PRESIDENT CHERRY:** At this time I will call on the Treasurer, Bobby Joyner, for his report.

**TREASURER JOYNER:** Last year at our Conference it was requested that a financial statement be prepared and included with the materials when you registered. This year we did that; each department was given a copy of the part of the Auditor's report. We did not give you the full report because it was so lengthy and it would have been so costly, but we did give you the figures.

We have with us today Ossie Shackelford to give the report. He will give his report and then we will open up the floor for any questions you might have.

91

This year on October 15-18 we will offer the Southeastern Pump School at the Durham training grounds. This will be reminiscent of the Old Pump School offered some years ago, and we encourage those departments who need certified pump operators to allow their people to participate.

I will also be setting up meetings with Governor Bob Scott to discuss the future role of the Community College in training our firemen shortly after this conference. Good training is essential to the fire service, and we want to help, and support all of the training programs and the Community Colleges in any way possible.

We have tried to improve our communication with the membership this past year. The fax, the bulletin board, and the 800 number have played a vital part in this plan. We will try even harder this coming year to keep you informed and to call for your help when needed.

Last, but not least, I have tried to travel around the state and meet as many requests for programs as I possibly could. I have been in every area of the state at least once; I have attended numerous meetings with fire marshals, the Pension Fund, the Fire and Rescue Commission, the legislative committees, individual departments, the Burn Center, and others. I look forward to continuing this contact with you and your groups whenever possible.

I would like to thank President Hendrix, the Executive Board, Gail Joyner, the Fire College staff, Ed Renfrow, Clara Murphey, Barry Oliver, the entire staff in the Pension Fund office, Stanley Moore, with the Legislative Research division, the Chiefs Association, the fire marshals, Tim Bradley and all of his staff at the Insurance Department, Ossie Shackelford, Steve Stephenson, the Community College coordinators, and each of you who have helped me so much this year. It has really been a coordinated effort as we have all tried to work together to improve the fire service in North Carolina.

And most of all I would like to thank the Executive Board and each of you for allowing me to serve you this past year. Thank you.

(Applause.)

that the spirit of cooperation that we have seen this past year will continue in the future.

Your Association and all fire service agencies in the state were well represented at the Fire Caucus in Washington, D.C. The Association offered an opportunity for Board members, the Fire College Director, and the Presidents of the Western, Piedmont, and Eastern Associations to meet with members of the North Carolina delegation on Capitol Hill and attend the fire caucus dinner at the Washington Hilton.

The Association has taken an active role in issues of vital concern to the fire service over the past year. Our President, Mr. Joseph Bryant, is serving on an OSHA study committee appointed by the Fire and Rescue Commission. We are working hard to develop a program that will hopefully offer relief to departments from the spiraling cost of workers' compensation. We are currently representing several families of firemen killed or injured in the line of duty and helping them to collect the benefits we feel they are entitled to under the law. And we are working with other agencies to help improve the fire service in North Carolina.

It has been my privilege to serve on the Board of the North Carolina Jaycee Burn Center for the past two years. It has become increasingly more evident that there were not enough funds at the Burn Center to provide for an adequate burn prevention educational program. Over the years the N. C. State Firemen's Association has accumulated funds in a burn center account. These funds could only be used to benefit the center. Seeing this educational need and responding, the Executive Board turned over the funds totaling more than \$30,000.00 to the center earmarked for use in the area of burn prevention education.

As you can see, it has been a busy year for your Association. I have logged over 30,000 miles traveling across the state on behalf of the Association. I have met with various departments and county associations from the mountains to the coast. I have met with the Burn Center, the Fire and Rescue Commission, the Department of Insurance, the Community College system, the Fire Marshals, the Chiefs Association, the State Treasurer's office, the Pension Fund Office, the State Auditor, various House and Senate members and committees, the Fire College, the Certification Board, and other groups and committees across the state on your behalf this past year.

It has been an enjoyable, rewarding, and educational year for me, and I thank you for allowing me to serve you as Secretary of the North Carolina State Firemen's Association. My family and I would like to thank each of you, the Executive Board, and all of the leadership in all of the agencies for allowing me the privilege of being your representative this past year. I look forward with great anticipation to the progress we will make during the coming year.
