

North Carolina Firehouses Past and Present

This document was last updated April 6, 2014.

Introduction

This document contain a list of both current and former fire station locations in various North Carolina cities and towns. The list also contains some other structures, such as training towers.

For a complete list of all current fire station locations in North Carolina, see this list maintained by Carolinas Fire Page: www.firenews.net/nc_fds.htm.

Depending upon the department, the historical information may omit earlier or earliest locations, such as small hose houses.

Criteria for inclusion on this list:

- North Carolina fire department.
- Multiple fire station locations today.
- Former fire station locations documented.

Former fire station and fire department buildings still standing are marked with **.

Change log:

- Added street address to Hickory Station 3, and corrected dates for Station 2 and 3.
- Added construction dates to Fayetteville stations.

Dept	Station	Address	Built	opens (if diff.)	Closed	Notes
